"Seoul Technological and  
Multicultural Exchange Program"

**Student Exchange (SEOI)**

is one of the intercultural exchange programs  
which offers various programs for those wishing  
to go abroad for cultural, educational,  
or professional exchange.

MODULES

## **OVERVIEW**

Talking about Seoul, there are many things to think about. As a country leading Asia to dignity, Korea is best-known for its fast-growing pace of technology regarding its black history of civil war less than 100 years ago. One of those many things appointing it to be such a great country is the education. Korea has a very good studying culture as well as reputable universities in the world.

SEOI Seoul invites all high motivated students to join Student Exchange Indonesia – Seoul Technological and Multicultural Exchange Program, where all participants will experience such wonderful journey regarding multicultural, technology, and education in Seoul.

# THE BENEFITS

## • **International Legal Certificate**

By enrolling to SEOI Seoul 2019, students are eligible to acquire the International Legal Certificate upon the successful completion of all requirements of the program. This certificate is designed to help them to achieve professional future careers or further studies.

## • **Multicultural, Technological, and Educational Exchange**

SEOI Seoul 2019 offers students to get international learning and understanding. Students will deepen their knowledge of technology and multicultural in Seoul, also educational systems in Seoul. These all will develop their analytical and problem-solving skills, and enhance their interests in global issues as well as a broader knowledge.

## • **Self-development and Awareness**

Students who join our SEOI Seoul 2019 program will change their attitudes such as self-development and awareness leading to enhance self-confidence and self-esteem, maturity and social poise fueled by the necessity to confront challenges outside comfort zone.

## ACTIVITIES IN EXCHANGE PROGRAM

---

- **International Exchange**

Experience a short visit in several university will let the students feel the atmosphere of being international students.

- **University Eruditions**

Visiting several best universities by having campus tour, admission workshop, and/or nice discussion with students/lectures.

- **Cultural Discovery**

Discovering the history of a country will make students sense that experiences a country have affect its ideology and its people's behavior.

# SCHEDULE

## DAY 1: TAKING OFF

Departure for an Overnight Flight to Seoul  
The students off the ground to bring them fly approaching Seoul. A new beginning of life has just started.

## DAY 2: A TOUCH DOWN TO SEOUL

- **Incheon International Airport**

The gate of a journey has opened as the students land their feet to the ground of Incheon International Airport. They will all be greeted by the committee as well as meeting new friends who will be their companies in Seoul with SEOI.

- **Gyeongbokgung Palace**

The students will firstly visit Gyeongbokgung Palace for discovering royal heritage on Joseon area. What they see will be an old palace and changing the guards procession, if they are lucky.

- **Dongdaemun Market**

Moving forward from reflecting Korean history through the surface of Han River, students will see the night life of Korea at Dongdaemun Market. There students can also taste Korean cuisine and street foods.

## DAY 3: CULTURE & TECHNOLOGY

- **Wearing Hanbok**

As to start the second day exploring culture in Seoul, students will be brought to study culture in Seoul with wearing Hanbok, traditional Korean dress. Hanbok is a beautiful cultural heritage that all Koreans should be proud for its historical value. Students can feel like a local.

- **KBS ON**

Students will experience being a news anchor and discover exhibition of Korean entertainment television broadcasting products such as drama, news and variety show.

- **Seoul National University**

Jumping from history, students will have a campus tour and sharing session about the advancement of technology through history, specifically in Korea. Students are expected to browse and read a little bit about the topic of discussion in order to have a fruitful result.

- **SK Telecom**

After having a sharing session, students will visit SK Telecom to see by themselves how Korea grow to be one of the biggest telecommunication service providers in the world. There, students will also find out how this company is affiliated with Telkom Indonesia.

- **Samsung D'light**

Last but not least, to end the day, students will visit Samsung D'light. Located within Samsung Electronics building, students will enter its global exhibition space showing Samsung Electronics latest products as well as the advancement of digital technology.

## DAY 4: ENCLOSING DAY

- **Airport Transfer**

At the end of the day, students are expected to have great insights that might inspire them to live a life in wider perspective and knowledge.

## DAY 5: HOME ARRIVAL

The journey has ended. All experiences will guide the students to a better future.
